

MOUNT STUART GARDENS AND GROUND

•••• THE PINETUM WALK

DISTANCE 1 MILE (1.6KM) • ALLOW 45 MINUTES

An easy stroll down towards the shore through the interesting collection of specimen conifer trees, many of which were planted over 100 years ago. A perfect walk for families with young children or those who only have time for a brief visit.

•••• THE GARDEN WALK

DISTANCE 3 MILES (4.8KM) • ALLOW 2 HOURS

The garden walk takes in all the significant features of the designed landscape: the Kitchen Garden, the Policy Woodland, the Wee Garden and Calvary Pond, returning via the Rock Garden outside the main entrance to the house.

•••• THE SHORE WALK

DISTANCE 2 MILES (3.2KM) • ALLOW 1½ HOURS

This walk takes you past the old sea cliff below the house through the wilder areas of the grounds and down through the mixed woodland along the shore. The best route to follow to catch a glimpse of our resident wildlife.

•••• THE KERRY TRAIL

DISTANCE 3½ MILES (5.6KM) • ALLOW 2½ HOURS

A longer walk which takes in some of the outlying features of the gardens and grounds. The trail leads up Stable Brae to Calvary Pond and the Wee Garden, then winds its way down through the woods to return along the shore via Kerrycrook village.
